

An amazingly quick and beginner friendly project, needs very few components and you can make it in just about any shape and size to suit your requirements. Designed for domestic sewing machines.

Use them for make-up, pens, phone and dongles, as a wash bag, a change pouch or even as a bag organiser.

or see it on my Spencer Ogg YouTube channel

The video will walk you through everything you need to make the medium size Twin Pouch, for the other sizes shown, dimensions are given below.

Size	Width x height
<b>Small: Pencil case</b>	<b>Cut: 8 x 12"</b>
<b>Medium: Make-up bag (in video)</b>	<b>Cut: 9 x 18"</b>
<b>Large: Wash bag</b>	<b>Cut: 11 x 24"</b>

Your zip should be at least 3" longer than the width of your chosen size (eg: the Pencil case is 8" wide so use a 12" zip)

Once you have mastered the technique, create your own sizes for whatever you want to put in them! Add badges or appliques, cut and sew, and dress them up however you wish.
